

HANI ALI ABDO ALSHAMI

Full-Stack Web Developer

WordPress | Laravel | PHP | Custom Web Solutions | UI/UX | SEO | API Integration

Ibb City, Yemen | +967 776 962 035 | hh776962035hh@gmail.com | Date of Birth: 2005-05-23

PROFESSIONAL PROFILE

Full-Stack Web Developer and Information Technology student with practical experience in building responsive websites, custom web systems, admin dashboards, database-driven applications, WordPress solutions, Laravel/PHP projects, API integrations, and SEO-friendly web pages. Skilled in understanding client requirements, converting ideas into organized digital products, improving user experience, and delivering clean, secure, and maintainable solutions.

CORE FREELANCE SERVICES

- Design and develop responsive websites for business, personal, educational, service, and e-commerce projects.
- Build custom PHP/Laravel systems including admin dashboards, CRUD modules, authentication, database workflows, and role-based features.
- Develop and customize WordPress websites, themes, plugins, Elementor pages, WooCommerce stores, and multilingual websites.
- Improve UI/UX, page structure, landing pages, mobile responsiveness, website speed, technical SEO, and content organization.
- Integrate external services such as REST APIs, payment gateways, WhatsApp links, Google Maps, notifications, and third-party tools.
- Fix existing website issues related to frontend layout, backend logic, database errors, hosting, cPanel deployment, and security basics.

WORK EXPERIENCE

Programmer (Intern / Academic Projects) - Al-Jazirah University

15/04/2026 - Present

- Participated in developing practical IT academic projects and delivered tasks within team-based deadlines.
- Developed web applications using HTML, CSS, and JavaScript with responsive layouts and clean structure.
- Designed and implemented databases using SQL / MySQL, including ERD planning and structured data management.
- Built a chatbot using Python and applied basic logic for user interaction and automation.
- Analyzed and designed a Car Wash Booking System using ERD and system analysis practices.
- Developed a Hospital Management System using C# and object-oriented programming principles.
- Gained hands-on experience in software development, system analysis, troubleshooting, and clean code practices.

SELECTED ACADEMIC & PRACTICAL PROJECTS

- Car Wash Booking System - analyzed requirements and designed the ERD and database structure.
- Hospital Management System - developed using C# and object-oriented programming principles.
- Python Chatbot - built a simple chatbot using Python fundamentals.
- Web Applications - created responsive web interfaces using HTML, CSS, JavaScript, PHP, and MySQL concepts.
- Database Projects - designed relational database structures and practiced SQL/MySQL implementation.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, Responsive Web Design, Bootstrap, Tailwind CSS, Basic UI/UX Implementation

Backend: PHP, Laravel, RESTful APIs, Authentication, Sessions, CRUD Systems

Databases: MySQL, SQL, Database Design, ERD, Relational Database Management

WordPress: WordPress Development, Theme Customization, Plugin Customization, WooCommerce, Elementor, WPML

APIs & Integrations: API Integration, REST APIs, Payment Gateway Integration, WhatsApp Integration, Google Maps Integration, Notifications

Tools & Workflow: Git, GitHub, Composer, npm, VS Code, XAMPP, Postman, cPanel, Hosting Deployment

SEO & Performance: On-Page SEO Basics, Technical SEO Basics, Meta Tags, Sitemap, Robots.txt, Website Speed Optimization

Additional Programming: Python, C#, C++, Flutter Basics, Basic Networking / CCNA Fundamentals

Familiar With: React.js, Next.js, Vue.js, TypeScript, Node.js, Express.js, PostgreSQL, MongoDB

EDUCATION

Bachelor of Information Technology - Al-Jazirah University

31/01/2024 - Present

- Focused on practical application of programming concepts, web development, database design, and system development.
- Developed skills in structured data management, clean code practices, and basic software architecture principles.
- Gained foundational experience in mobile app development using Flutter and practical IT problem solving.

COURSE

Communication Skills - Maarif Platform

LANGUAGES

Arabic - Native

English - Working proficiency

SOFT SKILLS

Teamwork, Effective communication, Problem solving, Time management, Fast learning, Working under pressure, Attention to detail, Client-focused thinking

INTERESTS

Learning programming and web development, Following modern technologies, Reading about technology, Solving technical problems, Programming and web development
